

Finance Metrics Clinic

Build innovation.

Fresh thinking. State-of-the-art theory. Unvarnished insights. The Finance Metrics Clinic connects you with talented WashU students to provide data-driven financial consulting on your business challenges. These 6- to 8-week consulting projects, focused on enterprises in the startup ecosystem, are student-led and faculty-supervised.

Confront challenge, create change.

Our students are informed by numbers, driven by principle. We challenge them to look beyond the bottom line and carefully consider what will make the biggest impact and do the most good.

The CEL leadership team partners with you to define key issues and set project direction and timeline. Project areas are comprehensive and range from high-level strategy to detailed, in-depth analysis in specific areas. The faculty-supervised student consulting teams are assembled based on an organization's specific needs.

“

The CEL Metrics Clinic is an obvious choice for startups. There is no better way to affordably have investor-ready financials prepared for your company.”

Marc Bernstein
COFOUNDER, BALTO

The Center for Experiential Learning

Olin's Center for Experiential Learning links the classroom with the world of business. With faculty support and guidance, talented Olin students apply leading-edge practices and practical management solutions to your business challenges.
