Confront challenge, create change.

Our students are informed by numbers, driven by principle. We challenge them to look beyond the bottom line and carefully consider what will make the biggest impact and do the most good.

The CEL leadership team partners with you to match a WashU Olin student to the mission and specific needs of your organization. In addition to serving on your board as a voting member for one year, your fellow is responsible for executing a project designed to provide lasting social impact.

“

Our Board Fellow helped to improve engagement of existing board members given her level of professionalism. Ideas have been implemented as a result of her hard work, and this will increase our board’s effectiveness for years to come.”
