

## Dean's Advisory Committee

The Dean's Advisory Committee was established to provide the dean, upon the request of the dean, with input or advice concerning matters affecting Olin Business School. Comprised of faculty, students and administrators, the committee is designed to provide the dean with holistic input by drawing on diverse and representative perspectives.

The dean may call on the committee when, in the dean's sole judgment and discretion, the dean would benefit from additional input or recommendations. The committee will not be involved when the matter implicates policies involving other school or university committees or processes.

Depending on the specific matter, the dean may convene some or all of the committee's members. All information provided to or collected by the committee, and any recommendations made by the committee to the dean, will be treated as confidential.

A senior Olin faculty member will chair the committee, which will also include the following members:

- Senior associate or associate deans of degree programs
- One student from each full-time Olin program: MBA, BSBA, SMP, PhD
- Two tenured faculty members
- One teaching track faculty member

The dean or chair may also appoint other members depending on the nature of the specific matter (e.g., curriculum chairs).

## Dean's Advisory Committee
