Exceeding expectations, together.

PARTNER WITH OLIN

WESTON CAREER CENTER

WashU Olin Business School
The power of partnership

Partnership. It’s more than just a word at WashU Olin Business School. It’s a philosophy. It’s a way of engaging with organizations of all kinds to enhance both experiential educational opportunities and research output, while also adding value for those partners.

INVEST INTELLIGENTLY
RECRUITING
Matching your talent needs with our outstanding business students.

GLOBALLY MINDED
EXPERTISE
Offering opportunities to shape and influence our students’ educational experience.

PIONEER CHANGE
KNOWLEDGE
Connecting you to our renowned faculty and research centers.

GROWING YOUR PROFESSIONALS
DEVELOPMENT
Developing your current talent through degree and nondegree education.

An investment in our graduates is an investment in leadership that moves your company forward, with purpose and integrity.

Through a partnership with Olin, you can access fresh thinking and student engagement for a more productive future.

Through our research centers and consulting capabilities, our resources benefit your company and push ideas further.

With programs designed to meet a wide range of needs and timelines, Olin helps you foster and hone your team’s skill set with data-driven, values-based leadership.

BENEFITS OF PARTNERSHIP

Of course, working together to recruit top talent is a huge benefit, but there’s much more. WashU Olin works with businesses, startups, nonprofits and NGOs on a wide variety of projects and initiatives—from consulting to research to talent development and more.

WORLD-CLASS CONNECTIONS

The Weston Career Center proudly serves as a trusted partner to students, alumni and organizations to create valuable connections that ensure a more productive pursuit of the future. As your partner, we’ll work with you to support your aspirations, providing you with access to world-class talent, expertise and opportunities. We are ready to work with you to help you realize your goals.
Olin at our essence

It is difficult to encapsulate the entire Olin experience, but we use the phrase “informed by numbers, driven by principle” to describe our school’s essence. Those few words capture our steadfast desire to balance the data and evidence that are so necessary in business with the principles and humanity that are too often lacking. This approach to decision-making, to viewing the world with a truly global perspective, to reaching for more, combined with our other pillars of excellence, is foundational to what we stand for as a school and who we are as individuals.

VALUES BASED & DATA DRIVEN
Olin advances deliberate decision-making, combining a rigorous analytical approach with an unwavering commitment to personal and societal values.

GLOBAL OUTLOOK
Our curriculum is informed by key global priorities so that students are globally minded and globally mobile, no matter the size or location of their future organizations.

EXPERIENTIAL LEARNING
During their Olin experience, we expose our students to senior leadership and involve them in high-profile decision-making so they develop the confidence to operate beyond their comfort zone.

ENTREPRENEURIAL SPIRIT
Olin students are pushed to think innovatively in the classroom and out of it—whether they are involved with a startup, consult for a corporation or work with a nonprofit.
Where theory meets practice

Nowhere is Olin’s thought leadership more evident than in our research centers. Students regularly engage with research centers to gain real-world experience by participating in consulting and research projects. Our Center for Experiential Learning, a hub of hands-on learning, manages consulting projects and plays a vital role in students’ experiential learning development.

CENTERS OF EXCELLENCE

The Bauer Leadership Center advances the science and practice of leadership to influence the development of leaders who live and demonstrate their values every day, enhancing their organizations and impacting their communities and society at large. The Center for Research in Economics & Strategy advances the understanding of firms and markets by supporting scientific research through analytical and/or empirical methods in the areas of applied economics, economic theory and strategy. The Boeing Center Supply Chain Innovation promotes interaction between industry and academia through practicum projects and curriculum support.

The Center for Analytics & Business Insights offers opportunities for faculty, students and companies to collaborate on analysis and research of big data to answer important business questions and influence decision-making. The Wells Fargo Advisors Center for Finance & Accounting Research is dedicated to the dissemination of cutting-edge research in finance and accounting by encouraging Olin faculty and students to work more closely with the business community. The Skandalaris Center for Interdisciplinary Innovation & Entrepreneurial Studies promotes corporate innovation and the commercialization of new business ideas and sponsors business plan competitions, speakers, internships and mentoring programs.

THE CENTER FOR EXPERIENTIAL LEARNING
matches top-tier students with organizations seeking the benefits of capable and energetic talent. Our students thrive in all types of hands-on experiences, consulting for clients at respected businesses of all sizes, St. Louis nonprofits, startups and global communities.
Working together

What type of help fits your needs? Building a recruitment strategy? Developing your own rising talent? Tapping into students to solve business challenges? Connecting with our world-class faculty? It all starts with listening—we want to get to know you, your organization and your needs. From there, we’ll work together to determine the best ways to partner that benefit us both.

WCC TEAM

CAREER COACHING
Our dedicated career coaches work exclusively with undergraduate, MBA, Specialized Masters students and alumni to equip them to achieve their career goals.

CORPORATE RELATIONS & BUSINESS DEVELOPMENT
This expert team takes a consultative approach to help you connect with students and meet your goals. They’ll help you build a strategy for engagement throughout WashU Olin.

OPERATIONS
Our Operations team manages data and stats to keep our students and corporate partners abreast of hiring trends.

INDUSTRY AND EMPLOYER RELATIONS
This team is your talent acquisition partner and key point of contact. They facilitate meaningful engagements with your organization and Olin to ensure mutual benefit.
A quick look at recruiting

We know you’re not recruiting a program—you’re recruiting an individual. And that’s where a partnership with the Weston Career Center comes into play.

1. **TELL US YOUR STORY**
   We’ll get to know you and your organization so that we really understand your needs and goals.

2. **DEFINE YOUR GOALS**
   Whatever you want to achieve, we can recommend a path forward and arrange the appropriate connections to help you get there.

3. **CONNECT WITH & RECRUIT STUDENTS**
   Your job description will be promoted to a targeted student audience. When the time comes to conduct interviews, you can meet with candidates in your own office, our interview suites or virtually.

**HOW RECRUITERS CONNECT WITH THE RIGHT STUDENTS**
Engaging students allows you to build stronger relationships to convert candidates into your next great hire. Here are some of the ways you can get to know WashU Olin students:

- Career Fairs
- Information Sessions
- Coffee Chats
- Classroom Speaking
- Train the Trainer Sessions
- Company Visits

All campus recruitment activities for fall 2020 will be entirely virtual.
About WashU

The WashU community strives to enhance the lives and livelihoods of students, the people of the greater St. Louis community, the country and the world. We are building a better world by preparing and supporting more effective leaders with the knowledge, experience, dedication and creativity to tackle complex problems. Through our partnerships and path-breaking research, we’re working together to shape the future of our university, our region and our world.
Partner with us.

Let’s start a conversation about ways we can partner to create valuable connections to ensure a more productive pursuit of the future.
