Fuse Quantitative and Strategic Skills

Olin’s MSFQ program is a powerful combination of mathematical skills and a strategic understanding of business decision making. Designed for students with a strong quantitative background, the technical curriculum is ideal if your career goals include working in financial services and related industries. Like all of Olin’s finance degree programs, your coursework will cover valuation, portfolio theory, derivative securities, and financial statement analysis.

At WashU, you will thrive in a community that fosters teamwork and personal achievement. From day one, you’ll have access to career advising and support to help you be career-ready after graduation.

Real-World Learning

Participate in quantitative-based experiential opportunities through the WFA-CFAR or the Center for Experiential Learning (CEL).

- Provide management expertise on a practicum project
- Advise a nonprofit in the community through the Taylor Community Consulting Program
- Develop your presentation and leadership skills with actual clients

Quantitative Finance Club

The QFC expands on classroom knowledge through student-led competitions, a road trip to Chicago, and training.

Sample Courses

Data Analysis for Investments
Fixed Income Securities
Quantitative Risk Management
Mathematical Finance

Career Exploration and Connections

Join advisors from the Weston Career Center on a career trek to New York and Boston to meet executives in the finance world and explore the career options and company cultures firsthand.

Make your goals a reality with a master’s degree from WashU. To apply, visit olin.wustl.edu/msfq and start the simple application process.

Global Master of Finance
The Next Generation of Financial Expertise

Gain an expansive and nuanced financial perspective in the rapidly changing global business world. Washington University’s Olin Business School has partnered with five leading universities around the world to create a singular educational paradigm: the Global Master of Finance program for high-reaching students. This specialized knowledge and training are powerful advantages in the complicated world of finance.

All GMF graduates receive a Master of Science in Finance degree from WashU, as well as a second degree or certificate from one of our partner universities.
