Wells Fargo Advisors Center for Finance and Accounting Research
The WFA-CFAR is dedicated to disseminating cutting-edge research in finance and accounting by providing an opportunity for Olin faculty and students to work closely with companies.

For more information, visit olin.wustl.edu/msfq or email OlinGradAdmissions@wustl.edu.
Fuse Quantitative and Strategic Skills

Olin’s MSFQ program is a powerful combination of mathematical skills and a strategic understanding of business decision making. Designed for students with a strong quantitative background, the technical curriculum is ideal if your career goals include working in financial services and related industries. Like all of Olin’s finance degree programs, your coursework will cover valuation, portfolio theory, derivative securities, and financial statement analysis.

At WashU, you will thrive in a community that fosters teamwork and personal achievement. From day one, you’ll have access to career advising and support to help you be career-ready after graduation.

Real-World Learning

Participate in quantitative-based experiential opportunities through the WFA-CFAR or the Center for Experiential Learning (CEL).

- Provide management expertise on a practicum project
- Advise a nonprofit in the community through the Taylor Community Consulting Program
- Develop your presentation and leadership skills with actual clients

Quantitative Finance Club

The QFC expands on classroom knowledge through student-led competitions, a road trip to Chicago, and training.

Sample Courses

Data Analysis for Investments
Fixed Income Securities
Quantitative Risk Management
Mathematical Finance

Career Exploration and Connections

Join advisors from the Weston Career Center on a career trek to New York and Boston to meet executives in the finance world and explore the career options and company cultures firsthand.

Make your goals a reality with a master’s degree from WashU.
