more
A robust and specialized curriculum puts you in the driver’s seat.

Our Specialized Masters degrees will arm you with the comprehensive knowledge employers want and the specialized skills the marketplace demands. Choose one of six options aimed at accelerating your career path and expanding your possibilities.

WHICH PATH WILL YOU TAKE?

- **MACC** Master of Accounting
- **MSSCM** Master of Science Supply Chain Management
- **MSCA** Master of Science Customer Analytics
- **MSFQ** Master of Science Finance – Quantitative Finance
- **MSFC** Master of Science Finance – Corporate Finance & Investments
- **GMF** Global Master of Finance

Olin faculty are highly regarded as innovative researchers and talented teachers around the world.

192 students across six degree programs

Real-world, résumé-building experience

A significant portion of your Olin education will take place outside of the classroom. You'll have access to a range of valuable opportunities that include guest speakers, lectures, student clubs, organizations, practicums, extracurricular activities, and more. The Center for Experiential Learning will push you to excel by providing active learning aligned with your career goals.
“Olin binds together many nationalities and cultures in a tight-knit group. I learned as much outside the classroom as I did inside it.”

Priya Iyer, MSSCM 2014

The Olin community of faculty, staff, and fellow students are invested in your success. We get to know you to help you achieve your goals.

Industry
Speakers

Our Quantitative Finance curriculum fuses mathematical tools with a strategic understanding of business decision making. Students develop a skill set similar to a financial engineering program while still including coursework in corporate finance, investments, and financial markets.

Sample Courses:
- Data Analysis for Investments
- Fixed Income Securities
- Quantitative Risk Management
- Mathematical Finance

Potential Career Paths:
- Asset Management
- Risk Management
- Capital Markets/Research

MSFQ Master of Science Finance – Quantitative Finance
3 semesters (Fall, Spring, Fall) 39 credit hours

The Corporate Finance and Investments track is rigorous and comprehensive, offering in-depth training in securities research, asset management, derivative pricing, and fixed income. Students take a significant amount of coursework alongside finance-oriented MBA students.

Sample Courses:
- Investment Theory
- Financial Markets
- Economics of the Organization
- Money, Capital Markets, and Economic Growth
- Venture Capital and Private Equity

Potential Career Paths:
- Investment Banking
- Capital Markets/Research
- Asset Management
- Commercial Banking
- Private Wealth Management
- Consulting

FALL PRACTICUMS
position you early on for employment opportunities.

Finance Club
Learn about the field of finance through workshops, speakers, and planned road shows.
To meet the demand for next-generation financial expertise, Olin has partnered with leading universities around the world. All graduates receive a Master of Science in Finance (MSF) degree from WashU, as well as a second degree or certificate from one of five partner universities:

- Master of Science in Applied Finance, Singapore Management University, Singapore
- Global MBA, Yonsei School of Business, South Korea
- Certificate in Innovation and Entrepreneurship, IDC Herzliya, Israel
- Master in Finance, WHU Otto Beisheim School of Management, Germany
- Master of Science in Finance and Banking, UPF Barcelona School of Management, Spain

At Olin, you’ll work closely with classmates, faculty, staff, Olin/WashU alumni, and business leaders, building a lifelong professional and personal network.

“The highlight of my Olin experience has been exposure to a constant learning environment. I had the opportunity to learn not only from classes but also from my peers, professors, and staff members.”

Kinni Shah, MSFC 2014

The Financial Times ranks the MSF program at Olin No. 3 in the United States.

There are a multitude of diverse companies and organizations in St. Louis, whether you’re looking for a large corporate environment, an up-and-coming startup, or something in between. You’ll become part of a community that inspires collaboration and innovation.
Military Pride

Washington University is proud to be a full partner in the Post-9/11 GI Bill and Yellow Ribbon program. If the US Department of Veterans Affairs (VA) determines you to be eligible for the Yellow Ribbon benefit, Washington University and the VA will cover 100% of your tuition for the duration of your VA entitlements.

Scholarships

All full-time Specialized Masters candidates admitted to Olin are automatically considered for our merit-based Dean’s Scholarships—there is no separate scholarship application. These awards cover partial tuition. Our Admissions Committee will review your application to determine eligibility and notify you of any scholarship award at the time of admission.

Make your goals a reality.

To apply, visit olin.wustl.edu/smp and start the simple, straightforward application process.

100% COVERED TUITION

Olin Business School is recognized as a military-friendly school by the Graduate Management Admission Council.
